Activities: Oasis, Project Developer | 10v10 Open Softball

Baccalaureate School for Global Education, Astoria, NY

Sept. 2014 – June 2020

Activities: Mouse Design League, Group Leader | Helping Hands Committee, General Director
Mentorship Volunteer | Maker Cohort, Creative Designer | Soccer Club, Coordinator
Student Council, General Director

COMPUTER KNOWLEDGE

Languages: Java | Python | SQL | TypeScript (currently learning)

Software: Terraform | Jenkins | MySQL | VSCode | Git | Docusaurus | NPM | Yarn

Cloud Services: AWS | Azure | HashiCorp Vault

EXPERIENCE

Optum, Boston, MA

January – June 2022

Software Engineer Co-op

- Utilized Terraform to build and deploy critical infrastructure in both AWS and Azure
 - Helped develop an MSK cluster within AWS and used AWS Sandbox for testing
 - Created essential networking resources in Azure (Virtual Network, Subnet, Load Balancer) alongside security protocols (Bastion, Firewall, etc.)
- Assisted in designing and developing a microsite for centralized documentation using TypeScript and Docusaurus, and used Yarn and NPM for necessary packages
- Utilized Jenkins to create pipeline templates for various project types and went through the process of manually configuring required plugins
- Primarily manipulated code using GitHub and worked with advanced features such as Webhooks
- Actively configuring a HashiCorp Vault instance with Jenkins and configuring it with a microservice
- Experience with Agile workflow and pair programming with lead engineers

Oasis, Boston, MA

September – December 2021

Project Developer

- Led a group of students in designing and programming the Free Time Calendar project
- Built relationships with a multitude of tech-oriented Northeastern students

Mouse Design League, New York, NY

Oct. 2017 – June 2020

Group Leader

- Led and managed a group of 7 students through the process of brainstorming, designing, and prototyping products to improve the lives of people with disabilities
- Raised awareness for issues faced by people with disabilities and posed potential solutions by presenting prototypes to judges at annual competitions
